How to Get Started (A Step-by-Step Guide)

Welcome to our Resume Project challenge! Here's a step-by-step guide on how to get started:

Deadline and Enrollment:

- The current challenge details, including the deadline, will be displayed under the **Ongoing Resume Project Challenge Tab** on this [page](#).
- To participate, simply click the **"Enroll for Free"** button and follow the instructions to enroll for the challenge.

Download Datasets & Supporting documents:

- Click the **"Download Files Here"** button.
- The files will be downloaded as a **ZIP archive**.
- Once downloaded, **unzip** the folder to access all the necessary files, including:
  - **Supporting documents** – additional materials to help understand and work with the dataset

Problem Statement:

- Read the problem statement thoroughly to understand the task you are required to solve.
- It will provide you with a clear overview of the problem and the goals you need to achieve.

Familiarize Yourself:

- Take some time to familiarize yourself with the problem statement and dataset.
- Use the metadata to understand the structure and context of the data before diving into your analysis.
- If the problem statement specifies a particular tool to be used, make sure to utilize that tool.
- Otherwise, you are free to choose any tool for your analysis.

Conduct Analysis:

- Begin your analysis after gaining a solid understanding of the problem and the available resources.

- Utilize your chosen tool to work with the dataset and develop your solution.

Submission Guidelines:

Share your Work:

- Once you have completed your analysis, create a post on LinkedIn: Example Post

- Tag codebasics LinkedIn page, Dhaval Patel, and Hemanand Vadivel in your post.

- Be creative with your presentation — consider incorporating **audio or video elements** to make your submission more impactful.

- Return to this page and click "**Submit Solution**"

- select the presentation type:

  Video: Presentation featuring audio/video in your voice explaining the insights and recommendations from the analysis. Ideal length of presentation is less than **15 minutes**. Example

  Other: Presentation featuring PDF/GIF/Images/Screen Recording without your voice.

- Enter the link to your LinkedIn post: This link will be used for the final evaluation of your work.
- Enter Instagram User ID (optional). The top submissions will be featured on our official Instagram account codebasicshub

Winners Announcement:

- The winners of the challenge will be announced on our official YouTube channel or Instagram Page after the deadline. Example Winner Announcement

Previous Challenges:

- You can always work on previous challenges to enhance your skills and build your portfolio.
- Take advantage of the opportunity to practice and showcase your work.

We hope this guide helps you get started with our challenge. If you have any further questions or need assistance, feel free to reach out to us at **info@codebaiscs.io** or the discord support channel. Good luck!
